FOOD & BEVERAGES BEFOREHAND

Brothers and Sisters,

We are at a crucial point in this years Legislative Session, we have been successful at getting a number of **Construction JOBS Creating bills** to a decision point early this Session. Now we need your help to get them passed and enacted into law. In all we have about \$2 Billion in Bonding, Tax Incentive and Non Ferrous mining **JOBS** lined up and ready to go pending Legislative Action.

We have told Legislators that our unemployed members need these jobs!
Now they need to see and hear it from YOU! Please come down and help us send this message and get this done early this Legislative Session.

Together we can make this happen!

Fraternally,
Todd Pufahl
Legislative Director
